SUMMARY

Profile

- Physician Data Scientist with overall experience of ~12 years.
- Bachelor of Medicine and Surgery (MBBS) graduate with a post-graduation in Medical Science & Technology (MMST) focusing on Biostatistics and Computational Epidemiology.
- About 9+ years of industrial experience in Pharma, Medical AI/ML CAD (computer-aided detection) and Consulting and 3 years of experience in general clinical practice.
- Experience as an independent contributor, technical/scientific mentor and people manager.
- Published about 30 peer reviewed research articles and conference abstracts as of September 2024.
- Designed the research study protocols and performed statistical analysis to assess the safety and effectiveness of Medical AI CAD algorithms that lead to four FDA 510(k) clearances as of September 2024.
- Author and maintainer of two R packages with more than 17,000 downloads as of September 2024.
- **Primary areas of expertise**
 - Medical AI CAD validation research study protocol design and statistical analysis (Clinical Development)
 - Real-World-Data/Evidence (RWD/RWE) study design and statistical analysis

Medical AI/ML Experience

Clinical development and postmarketing (postapproval) studies

- Study protocol, statistical analysis plan (SAP), analysis and reporting for AI/ML CAD validation studies.
- Clinical performance assessment of AI/ML CAD devices for FDA 510(k) submissions.
- Standalone diagnostic accuracy studies, multi-reader multi-case (MRMC) studies, interventional studies.

Pre-clinical development (Model development)

- Experienced in AI/ML algorithm/model development using structured RWD.

RWD Experience

- Comparative effectiveness research, incidence & prevalence studies, treatment journey, line of therapy derivation.
- Cohort building, propensity matching, multivariable regression, survival analysis.
- Descriptive and inferential statistical analysis.

Programming Experience

- R (Expert)
- Python (Project Experience)
- SQL (Project Experience)
- SAS (Exposure)

Major Academic Achievements

- Khorana Scholarship (2013)
- Kerala State Rank 4 and AIR 144 for All India Pre-Medical Entrance Examination (AIPMT, currently known as NEET)

EDUCATION

IIT Kharagpur

MMST – Masters in Medical Science and Technology

Relevant Coursework: Courses on Biostatistics, Data Science, Epidemiology

Kharagpur, India

Graduation: July 2014

Government Medical College Kottayam

MBBS – Bachelor of Medicine and Bachelor of Surgery

Relevant Coursework: Courses on Clinical Medicine, Surgery, Pre- and Para-clinical subjects

Kottayam, India

Graduation: February 2010

SKILLS

Classical Biostatistics

- Statistical Analysis Plan (SAP) development
- Diagnostic accuracy, MRMC study analysis
- RWD comparative effectiveness research
- Survival (Time-to-event) analysis

Technical/Programming

- R (Expert)
- Python (Project Experience)
- Impala/SQL (Project experience)
- SAS (Exposure)

Epidemiology

- Clinical research study protocol design
- Scientific manuscript writing for peer-reviewed publication

Deep Learning/Classical ML

(Training data type: Structured clinical data)

- Logistic and regularized regression methods
- Random forests, GBM
- Feed-forward neural networks, RNN, LSTM

Functional

- Medical domain knowledge
- RWD sources: TRUVEN, OPTUM, CPRD, OMOP CDM
- Medical Ontologies: ICD, NDC, HCPCS, etc.

Soft Skills

- Collaborative ways of working with multi-disciplinary cross-functional teams
- Scientific oral presentations

PROFESSIONAL EXPERIENCE

Qure.ai

Bangalore, India

Director of Clinical Research

Apr 2024 – Present

Clinical Research Scientist

Aug 2022 – Mar 2024

Clinical Research Scientist

Jun 2021 – Nov 2021

- Overall supervision of AI/ML CAD clinical research scientific activities including people management.
- Clinical study protocol and statistical analysis plan (SAP) development for Medical AI/ML CAD evaluation studies; Multi-Reader Multi-Case (MRMC) studies, standalone diagnostic accuracy studies, interrupted time series studies, cluster randomized controlled trials.
- Planned, analyzed, and reported clinical research studies that led to four FDA 510(k) clearances - [K212690](#), [K240740](#), [K231805](#), [K231149](#)
- Wrote and/or reviewed 9 scientific manuscripts which are published in peer reviewed journals (majorly Q1 journals).
- Wrote more than 10 abstracts which were accepted for oral/poster presentation in international/regional conferences.
- Developed an R package for sizing MRMC studies; available in CRAN - [MRMCsamplesize](#)
- Stakeholder engagement during conceptualization, execution, analysis, and reporting of research studies.
- Scientific review of manuscripts from external research groups studying Qure's Medical AI/ML algorithms.

GlaxoSmithKline (GSK)

Bangalore, India

RWD Manager

Nov 2021 – Aug 2022

- Led a 5-member team of RWD (Real-World-Data) Programmers, senior data scientists, and a clinical coder
- Mentored team members from a scientific point of view and carried out their performance management.
- Reviewed study protocols and SAPs from internal stakeholders for seamless project execution.
- Delivered over 30 RWD projects using RWD sources such as TRUVEN, OPTUM, and CPRD.

Deloitte

Bangalore, India

Senior Clinical Data Scientist II

Sep 2019 – Jun 2021

Senior Clinical Data Scientist I

Sep 2017 – Aug 2019

Clinical Data Scientist

Nov 2015 – Aug 2017

- Independently developed statistical and AI predictive classification algorithms that powered the backend engine of an RWD analytics platform (for Pharma clients) with a multi-million-dollar portfolio.

- Developed deep learning algorithm-based proof-of-concepts for binary classification tasks using RWD data in OMOP CDM format with minimal supervision at a time when deep learning was still in nascent stages (2017).
- Contributed to the UI/UX design of the RWD Analytics platform using medical domain expertise.
- Routinely worked with developers, data engineers, and with QA team during the software product lifecycle.
- Completed multiple data science projects and Proof-Of-Concepts (POCs) for Pharma and Provider clients.
- Conducted over ten training sessions on RWD, Biostatistics, and Medical AI/ML.
- Developed an R package for facilitating semi-automated covariate selection for comparative RWD observational data analysis based on the High-Dimensional-Propensity-Score (HDPS) algorithm which has been downloaded from CRAN more than 10,000 times. Available in CRAN – [autoCovariateSelection](#)

ResMed

Bangalore, India

Clinical Specialist

Jan 2015 – Oct 2015

- Led clinical engagement of stakeholders in South India, Sri Lanka, and Maldives.
- Conducted systematic review on topics about sleep and respiratory medicine and was responsible for generating quality scientific presentations for medical device products.
- Provided clinical training pertinent to ResMed-manufactured medical devices to internal (sales and marketing team) as well as external (respiratory physicians, intensivists, respiratory therapists, and nurses) stakeholders.

BC Roy Technology Hospital, IIT Kharagpur

Kharagpur, India

Medical Officer

Jul 2011 – May 2014

- Evening outpatient and casualty management of hospital as a general practitioner as part of mandatory requirements for the completion of post-graduation course (MMST)

KEY ACADEMIC AND PROFESSIONAL ACHIEVEMENTS

- Awarded **Khorana Scholarship** for students showing outstanding promise in medical research.
- Ranked 144 in India among more than hundred thousand candidates from all over India in AIPMT exam, the then most competitive and objective medical entrance examination in India: **AIR 144, Kerala State Rank 4**
- Secured 3rd Rank in MG University Kerala for the First Professional MBBS examination.
- Golden Helix Award for Innovation and Outstanding Performance in Deloitte (2020).
- Multiple awards for performance during professional career.

R PACKAGES

- Robert D (2020). autoCovariateSelection: Automated Covariate Selection Using HDPS Algorithm. R package v 1.0.0. [\[Link\]](#)
- Robert D (2023). MRMCsamplesize: Sample Size Estimations for Planning Multi-Reader Multi-Case (MRMC) Studies Without Pilot Data. R package v1.0.0 [\[Link\]](#)

INVITED TALKS

- Artificial Intelligence and Data Science, Panel Discussion, Education 21c, Kerala, Nov 2020
- Artificial Intelligence in Healthcare, NATCON 2019, Government Medical College Trivandrum, Nov 2019
- Clinical Trials: Introduction: Webinar, IIM Ahmedabad, Jun 2017

16. **Dennis Robert**, Nikola Andric, Robert Coopersmith. Application of Novel Cluster Analysis Techniques for Hypothesis Generation and Acceleration of Biomarker Identification in Life Sciences and Healthcare Industry using Databricks as the Data Science Platform. Poster, Deloitte Analytics Summit, India, May 2017. [INTERNAL ORGANIZATIONAL CONFERENCE, Deloitte]

INTERNSHIPS AND POST-GRADUATE THESIS

Asian Institute of Telesurgery (AITS) IRCAD

Research Fellow, Medical Imaging Lab

Lukang, Taiwan

Jun 2014 – Nov 2014

- Assisted in the software development of an augmented reality CAD system for laparoscopic surgical procedures (C++, VTK)
- Guide: Atul Kumar, M.B.B.S., Ph.D.

IIT Kharagpur

MMST Final Year Student, PG Thesis

Kharagpur, India

Aug 2013 – May 2014

- Thesis Title: Two contrasting approaches for the analysis of longitudinal studies: Pneumonia Prevention in Children with HIV Infection and Wisconsin Sleep Cohort Study
- Short Description: The focus of the thesis was statistical modeling of longitudinal clinical data with a focus towards mixed effects modelling for longitudinal data and cross-sectional analysis at different time points of longitudinal data and comparison between the two approaches. It was shown that the mixed effects modelling is more robust and provided more clinically meaningful insights for longitudinal data.
- Guide: Prof. Sangeeta Das Bhattacharya M.D., Ph.D.

University of Wisconsin – Madison

Khorana Scholar, Department of Biostatistics

Madison, USA

May 2013 – Aug 2013

- Mathematical modelling of longitudinal data using mixed effects models. Used Wisconsin Sleep Cohort study data to investigate the association between alcoholism and sleep stage duration.
- Guide: Prof. Mari Palta, Ph.D.

Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST)

Intern, Department of Neurology

Trivandrum, India

Dec 2012

- Developing a MATLAB Program for the preparatory task of a Transcranial Magnetic Stimulation clinical trial and synchronizing the program with the data acquisition unit CED 1401 MICRO3
- Guide: Prof. Asha Kishore, M.D., D.M.
