SUMMARY

Profile

- Physician turned Data Scientist with an overall experience of 12+ years.
- 9+ years of industrial experience spanning Medical AI software device, Pharmaceutical and Healthcare IT consulting industries, and about 3 years of experience in General Clinical Practice.
- Experience as both an independent contributor and a people manager.
- MBBS (Bachelor of Medicine and Surgery) graduate with a post-graduation in Medical Science & Technology (MMST) focusing on Biostatistics and Computational Epidemiology.

Medical AI/ML Experience

- Research Protocol Design & Statistical Analysis for AI/ML based CAD evaluation studies.
- Experienced in AI/ML model development using structured Real-World-Data (RWD).
- Clinical Performance Assessment of AI/ML CAD devices for FDA 510 (k) submissions.

Major Academic Achievements

- Khorana Scholarship (2013)
- Kerala State Rank 4 (All India Rank 144)
All India Pre-Medical Entrance Examination (AIPMT)

Programming

- R (Expert)
- Python (Project Experience)

EDUCATION

IIT Kharagpur

MMST – Masters in Medical Science and Technology

Kharagpur, India

Graduation: July 2014

Relevant Coursework: Courses on Biostatistics, Data Science, Epidemiology

Government Medical College Kottayam

MBBS – Bachelor of Medicine and Bachelor of Surgery

Kottayam, India

Graduation: February 2010

Relevant Coursework: Courses on Clinical Medicine, Surgery, Pre- and Para-clinical subjects

PROFESSIONAL EXPERIENCE

Qure.ai

Clinical Research Scientist

Bangalore, India

Aug 2022 – Present

- Design, statistical analysis and reporting of clinical research studies evaluating Medical AI diagnostic assistance software devices including for the purpose of regulatory submissions (FDA, CE).
- Designed protocol and statistical analysis plan (SAP) for multiple research studies such as Multi-Reader Multi-Case (MRMC) studies, diagnostic accuracy studies, and Cluster Randomized Trials.
- Wrote manuscripts which resulted in multiple peer-reviewed research publications and conference abstracts.
- Developed an R package for sizing MRMC studies.
Available in CRAN - [MRMCsamplesize](#)
- Stakeholder engagement during conceptualization, execution, analysis and reporting of research studies.
- Review of manuscripts documenting original research involving organization's Medical AI software devices.
- Planned, executed, reported and/or supported design and analysis that lead to four FDA 510(k) clearances.

GlaxoSmithKline (GSK)*RWD Manager***Bangalore, India**

Nov 2021 – Aug 2022

- Led a 5-member team of RWD (Real-World-Data) Programmers, senior data scientists and a clinical coder as *RWD Manager for Vaccines and Data Science*.
- Scientific mentoring and performance management of reportees.
- Review study protocols and SAPs from internal stakeholders for seamless project execution.
- Delivered over 30 RWD projects using RWD sources such as TRUVEN, OPTUM, CPRD.

Deloitte*Senior Clinical Data Scientist***Bangalore, India**

Nov 2015 – Jun 2021

- Independently developed statistical and AI predictive classification algorithms that powered the backend engine of an RWD analytics platform (for Pharma clients) with a multi-million-dollar portfolio.
- Developed deep learning based proof-of-concepts for binary classification tasks using RWD data in OMOP CDM format with minimal supervision at a time when deep learning was still in nascent stages (2017).
- Contributed to the UI/UX design of the RWD Analytics platform using medical domain expertise.
- Routinely worked with developers, data engineers and with QA team during software product lifecycle.
- Completed multiple data science projects and Proof-Of-Concepts (POCs) for Pharma and Provider clients.
- Conducted over ten training sessions on RWD, Biostatistics and Medical AI/ML.
- Developed an R package for facilitating semi-automated covariate selection for comparative RWD observational data analysis based on the High-Dimensional-Propensity-Score (HDPS) algorithm which has been downloaded from CRAN more than 10,000 times. Available in CRAN – [autoCovariateSelection](#)

ResMed*Clinical Specialist***Bangalore, India**

Jan 2015 – Oct 2015

- Responsible for leading clinical engagement of stakeholders in South India, Sri Lanka and Maldives.
- Conducted systematic review and analysis on topics pertaining to sleep and respiratory medicine and was responsible for generating quality scientific documents and presentations for the medical device products.
- Provided clinical training pertinent to ResMed manufactured medical devices to internal (sales and marketing team) as well as external (respiratory physicians, intensivists, respiratory therapists and nurses) stakeholders.

BC Roy Technology Hospital, IIT Kharagpur*Medical Officer***Kharagpur, India**

Jul 2011 – May 2014

- Evening outpatient and casualty management of hospital as a general practitioner as part of mandatory requirements for the completion of post-graduation course (MMST)

SKILLS**Biostatistics**

- SAP development
- MRMC statistical analysis
- Statistics for Medical AI evaluations
- RWD Comparative Effectiveness Research
- Survival (Time-to-event) analysis

Deep Learning and Classical ML*Project Experience*

- Logistic and regularized regression
- Random Forests
- Feed-forward neural networks, RNN, LSTM

SKILLS

Technical

- R (Expert)
- Sparklyr (Project Experience)
- Python
- Impala/SQL (Project experience)

Functional

- Medical domain knowledge
- RWD sources:
TRUVEN, OPTUM, CPRD, OMOP CDM
- Medical ontologies/vocabularies:
ICD, NDC, LOINC, CPT, HCPCS,
SNOMED, MedDRA, CPRD Read

Epidemiology

- Clinical research protocol design
- Desk research, literature review
- Scientific manuscript writing

Soft Skills

- Collaborative ways of working with multi-disciplinary cross-functional teams
- Scientific/technical oral presentations

KEY ACADEMIC AND PROFESSIONAL ACHIEVEMENTS

- Ranked 144 in India among more than hundred thousand candidates from all over India in AIPMT exam, the then most competitive and objective medical entrance examination in India. **AIR 144, Kerala State Rank 4**
- Recipient of **Khorana Scholarship** in 2013
- Secured 3rd Rank in MG University Kerala for the First Professional MBBS examination.
- Student Paper Competition Finalist in the IEEE EMBS Special Topic Conference on Point-of-Care Healthcare Technologies 2013.
- Golden Helix Award for Innovation and Outstanding Performance in Deloitte (2020).
- Rated 1 (highest rating) for best performance for two consecutive times in 2017 and 2018 in Deloitte.

INVITED TALKS

- Artificial Intelligence and Data Science, Panel Discussion, November 2020, Education 21c, Kerala
- Artificial Intelligence in Healthcare, NATCON 2019, Government Medical College Trivandrum
- Clinical Trials: Introduction: Webinar, IIM Ahmedabad

4. Emiliano Garza, Mannudeep Kalra, **Dennis Robert**, Sai Kiran, Charu Arora, Manoj Tadepalli, Preetham Putha et. al. Autonomous AI-based CXR interpretation for predicting congestive heart failure: A multicenter study. Oral Presentation, RSNA, November 2023.
5. **Dennis Robert**. An R Package for Estimating Sample Sizes for Multi-Reader Multi-Case (MRMC) Studies. Poster Presentation, R/Medicine, June 2023.
6. Souvik Mandal, **Dennis Robert**, Rohit Chouhan, Prakash Vanapalli, Vikash Challa, Saigopal Sathyamurthy, Amit Chouksey, Preetham Putha, Ankit Modi. Using an artificial intelligence algorithm to improve radiologists' performance in detecting pulmonary nodules in chest-CT scans: a multi-reader multi-case study. Oral presentation, European Congress of Radiology (ECR) 2023, Vienna, March 2023. ECR 2023 Book of Abstracts. *Insights Imaging* 14 (Suppl 4), 217 (2023). RPS 1705-5, <https://doi.org/10.1186/s13244-023-01522-6>
7. **Dennis Robert**, Smriti Ridhi, Pitamber Sore, Saniya Pawar, Preetham Putha. Performance comparison of an artificial intelligence-based algorithm between digital-ray images and mobile photos of x-ray films in detecting signs of tuberculosis. Oral Presentation, National Conference of Tuberculosis and Chest Diseases (NATCON 2022), Agra, February 2023.
8. Kristin Feeney, **Dennis Robert**, Prerna Patil, Sergey Charkin, Dan Housman, Yuval Koren, Xia Haiping, Jinlei Liu. Building Deep Learning Models with the OMOP CDM. Poster, 2017 OHDSI Symposium, October 2017.
9. **Dennis Robert**, Bikas K Arya, Mausom Mallick, Sangeeta Das Bhattacharya, Swapan Kumar Niyogi, Shekhar Chakrabarty, Sutapa Mandal, Subhashish Bhattacharyya. Association between baseline plasma HIV viral load and nasopharyngeal pneumococcal colonization in children with HIV infection. Poster presentation in 9th ISPPD, March 2014.
10. Bikas K Arya, Sangeeta Das Bhattacharya, Swapan Kumar Niyogi, Subhasish Bhattacharyya, Sutapa Mandal, **Dennis Robert**, Ranjan Saurav Das. Pneumococcal carriage in HIV infected mothers and children in West Bengal. Poster, 9th International Symposium on Pneumococci and Pneumococcal Diseases, March 2014.
11. Bikas K Arya, **Dennis Robert**, Sangeeta Das Bhattacharya, Jayanta Mukhopadhyay. A framework for web based geographical information systems for country wide antimicrobial resistance monitoring. Oral Presentation, IEEE PoCHT, January 2013.
12. Jennifer Gerber, Dominique Derreumaux, Amoolya Krishnamoorthy, **Dennis Robert**, Emmanuel Aris, et.al. COVID-19 Vaccine and Booster uptake in pregnant women in the US: A Retrospective Real-World-Data Descriptive Observational Study using Truven Commercial Claims Data. Poster, GSK R&D Days, June 2022 [INTERNAL ORGANIZATIONAL CONFERENCE]

13. **Dennis Robert**, Nikola Andric, Robert Coopersmith. Application of Novel Cluster Analysis Techniques for Hypothesis Generation and Acceleration of Biomarker Identification in Life Sciences and Healthcare Industry using Databricks as the Data Science Platform. Poster, Deloitte Analytics Summit, May 2017 [INTERNAL ORGANIZATIONAL CONFERENCE]

INTERNSHIPS AND POST-GRADUATE THESIS

Asian Institute of Telesurgery (AITS) IRCAD

Lukang, Taiwan

Research Fellow, Medical Imaging Lab

Jun 2014 – Nov 2014

- Assisted in the software development of an augmented reality CAD system for laparoscopic surgical procedures (C++, VTK)
- Guide: Dr. Atul Kumar, MBBS., PhD.

IIT Kharagpur

Kharagpur, India

MMST Final Year Student, PG Thesis

Aug 2013 – May 2014

- Thesis Title: Two contrasting approaches for the analysis of longitudinal studies: Pneumonia Prevention in Children with HIV Infection and Wisconsin Sleep Cohort Study
- Short Description: The focus of the thesis was statistical modeling of longitudinal clinical data with a focus towards mixed effects modelling for longitudinal data and cross-sectional analysis at different time points of longitudinal data and comparison between the two approaches. It was shown that the mixed effects modelling is more robust and provided more clinically meaningful insights for longitudinal data.
- Guide: Prof. Sangeeta Das Bhattacharya MD., PhD.

University of Wisconsin – Madison

Madison, USA

Khorana Scholar, Department of Biostatistics

May 2013 – Aug 2013

- Mathematical modelling of longitudinal data using mixed effects models. Used Wisconsin Sleep Cohort study data to investigate the association between alcoholism and sleep stage duration.
- Guide: Prof. Mari Palta, PhD.

Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST)

Trivandrum, India

Intern, Department of Neurology

Dec 2012

- Design, statistical analysis and reporting of clinical research studies evaluating Medical AI diagnostic assistance software devices including for the purpose of regulatory submissions (FDA, CE).
- Guide: Prof. Asha Kishore, MD., DM.
