SUMMARY

Profile

- Physician turned Data Scientist with an overall experience of 12+ years.
- 9+ years of industrial experience spanning Medical AI software device, Pharmaceutical and Healthcare IT consulting industries, and about 3 years of experience in General Clinical Practice.
- Experience as both an independent contributor and a people manager.
- MBBS (Bachelor of Medicine and Surgery) graduate with a post-graduation in Medical Science & Technology (MMST) focusing on Biostatistics and Computational Epidemiology.

Medical AI/ML Experience

- Clinical Research Protocol Design & Statistical Analysis for AI/ML based CAD evaluation studies.
- Experienced in AI/ML model development using structured Real-World-Data (RWD).
- Clinical Performance Assessment of AI/ML CAD devices for FDA 510 (k) submissions.

Major Academic Achievements

- Khorana Scholarship (2013)
- Kerala State Rank 4 (All India Rank 144)
All India Pre-Medical Entrance Examination (AIPMT)

Programming

- R (Expert)
- Python (Project Experience)

EDUCATION

IIT Kharagpur

MMST – Masters in Medical Science and Technology

Relevant Coursework: Courses on Biostatistics, Data Science, Epidemiology

Kharagpur, India

Graduation: July 2014

Government Medical College Kottayam

MBBS – Bachelor of Medicine and Bachelor of Surgery

Relevant Coursework: Courses on Clinical Medicine, Surgery, Pre- and Para-clinical subjects

Kottayam, India

Graduation: February 2010

SKILLS

Biostatistics

- SAP development
- MRMC statistical analysis
- Statistics for Medical AI evaluations
- RWD Comparative Effectiveness Research
- Survival (Time-to-event) analysis

Technical

- R (Expert)
- Python (Project Experience)
- Impala/SQL (Project experience)

Deep Learning and Classical ML

Project Experience

- Logistic and regularized regression
- Random Forests
- Feed-forward neural networks, RNN, LSTM

Functional

- Medical domain knowledge
- RWD sources: TRUVEN, OPTUM, CPRD, OMOP CDM
- Medical Ontologies: ICD, NDC, HCPCS, etc

SKILLS (contd.)

Epidemiology

- Clinical research protocol design
- Manuscript writing for journal publications
- Literature review

Soft Skills

- Collaborative ways of working with multi-disciplinary cross-functional teams
- Scientific/technical oral presentations

PROFESSIONAL EXPERIENCE

Qure.ai

Bangalore, India

Director of Clinical Research

Apr 2024 – Present

Clinical Research Scientist

Aug 2022 – Mar 2024

Clinical Research Scientist

Jun 2021 – Nov 2021

- Overall supervision of clinical research activities of the team including people management.
- Design, statistical analysis, and reporting of clinical research studies evaluating Medical AI diagnostic assistance software devices including for the purpose of regulatory submissions (FDA, CE).
- Designed protocol and statistical analysis plan (SAP) for multiple research studies such as Multi-Reader Multi-Case (MRMC) studies, diagnostic accuracy studies, and Cluster Randomized Trials.
- Wrote manuscripts which resulted in multiple peer-reviewed research publications and conference abstracts.
- Developed an R package for sizing MRMC studies.
Available in CRAN - [MRMCsamplesize](#)
- Stakeholder engagement during conceptualization, execution, analysis, and reporting of research studies.
- Scientific review of manuscripts from external research groups studying Qure's Medical AI/ML algorithms.
- Planned, analyzed, and reported clinical research studies that led to multiple FDA 510(k) clearances.

GlaxoSmithKline (GSK)

Bangalore, India

RWD Manager

Nov 2021 – Aug 2022

- Led a 5-member team of RWD (Real-World-Data) Programmers, senior data scientists, and a clinical coder
- Scientific mentoring and performance management of reportees.
- Review study protocols and SAPs from internal stakeholders for seamless project execution.
- Delivered over 30 RWD projects using RWD sources such as TRUVEN, OPTUM, and CPRD.

Deloitte

Bangalore, India

Senior Clinical Data Scientist II

Sep 2019 – Jun 2021

Senior Clinical Data Scientist I

Sep 2017 – Aug 2019

Clinical Data Scientist

Nov 2015 – Aug 2017

- Independently developed statistical and AI predictive classification algorithms that powered the backend engine of an RWD analytics platform (for Pharma clients) with a multi-million-dollar portfolio.
- Developed deep learning algorithm-based proof-of-concepts for binary classification tasks using RWD data in OMOP CDM format with minimal supervision at a time when deep learning was still in nascent stages (2017).
- Contributed to the UI/UX design of the RWD Analytics platform using medical domain expertise.
- Routinely worked with developers, data engineers, and with QA team during the software product lifecycle.
- Completed multiple data science projects and Proof-Of-Concepts (POCs) for Pharma and Provider clients.
- Conducted over ten training sessions on RWD, Biostatistics, and Medical AI/ML.
- Developed an R package for facilitating semi-automated covariate selection for comparative RWD observational data analysis based on the High-Dimensional-Propensity-Score (HDPS) algorithm which has been downloaded from CRAN more than 10,000 times. Available in CRAN – [autoCovariateSelection](#)

ResMed

Bangalore, India

Clinical Specialist

Jan 2015 – Oct 2015

- Responsible for leading clinical engagement of stakeholders in South India, Sri Lanka, and Maldives.

- Conducted systematic review and analysis on topics about sleep and respiratory medicine and was responsible for generating quality scientific documents and presentations for medical device products.
- Provided clinical training pertinent to ResMed-manufactured medical devices to internal (sales and marketing team) as well as external (respiratory physicians, intensivists, respiratory therapists, and nurses) stakeholders.

BC Roy Technology Hospital, IIT Kharagpur

Medical Officer

Bangalore, India

Jul 2011 – May 2014

- Evening outpatient and casualty management of hospital as a general practitioner as part of mandatory requirements for the completion of post-graduation course (MMST)

KEY ACADEMIC AND PROFESSIONAL ACHIEVEMENTS

- Ranked 144 in India among more than hundred thousand candidates from all over India in AIPMT exam, the then most competitive and objective medical entrance examination in India. **AIR 144, Kerala State Rank 4**
- Recipient of **Khorana Scholarship** in 2013
- Secured 3rd Rank in MG University Kerala for the First Professional MBBS examination.
- Golden Helix Award for Innovation and Outstanding Performance in Deloitte (2020).
- Multiple awards for performance during professional career.

INVITED TALKS

- Artificial Intelligence and Data Science, Panel Discussion, Education 21c, Kerala, Nov 2020
- Artificial Intelligence in Healthcare, NATCON 2019, Government Medical College Trivandrum, Nov 2019
- Clinical Trials: Introduction: Webinar, IIM Ahmedabad, Jun 2017

Poster, GSK R&D Days, June 2022 [INTERNAL ORGANIZATIONAL CONFERENCE]

14. **Dennis Robert**, Nikola Andric, Robert Coopersmith. Application of Novel Cluster Analysis Techniques for Hypothesis Generation and Acceleration of Biomarker Identification in Life Sciences and Healthcare Industry using Databricks as the Data Science Platform. Poster, Deloitte Analytics Summit, May 2017 [INTERNAL ORGANIZATIONAL CONFERENCE]

INTERNSHIPS AND POST-GRADUATE THESIS

Asian Institute of Telesurgery (AITS) IRCAD

Lukang, Taiwan

Research Fellow, Medical Imaging Lab

Jun 2014 – Nov 2014

- Assisted in the software development of an augmented reality CAD system for laparoscopic surgical procedures (C++, VTK)
- Guide: Dr. Atul Kumar, MBBS., PhD.

IIT Kharagpur

Kharagpur, India

MMST Final Year Student, PG Thesis

Aug 2013 – May 2014

- Thesis Title: Two contrasting approaches for the analysis of longitudinal studies: Pneumonia Prevention in Children with HIV Infection and Wisconsin Sleep Cohort Study
- Short Description: The focus of the thesis was statistical modeling of longitudinal clinical data with a focus towards mixed effects modelling for longitudinal data and cross-sectional analysis at different time points of longitudinal data and comparison between the two approaches. It was shown that the mixed effects modelling is more robust and provided more clinically meaningful insights for longitudinal data.
- Guide: Prof. Sangeeta Das Bhattacharya MD., PhD.

University of Wisconsin – Madison

Madison, USA

Khorana Scholar, Department of Biostatistics

May 2013 – Aug 2013

- Mathematical modelling of longitudinal data using mixed effects models. Used Wisconsin Sleep Cohort study data to investigate the association between alcoholism and sleep stage duration.
- Guide: Prof. Mari Palta, PhD.

Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST)

Trivandrum, India

Intern, Department of Neurology

Dec 2012

- Design, statistical analysis, and reporting of clinical research studies evaluating Medical AI diagnostic assistance software devices including for the purpose of regulatory submissions (FDA, CE).
- Guide: Prof. Asha Kishore, MD., DM.
